Product Features

- 1) Product specification
1. Main Technical Parameter:
2. Rated Output Power:20W
3. Rated Input Voltage:85-265 Vac;
4. Rated Input Frequency Range:47~63Hz;
5. Power Factor:≥0.93;
6. Ra>75
7. Material: Pure Aluminum
8. Lamp Size:280*180*83mmmm
9. Rated Initial Luminous Flux: 1600 lm;
10. Rated Color Temperature:3000-6000K
11. LED chip: Epistar
12. Gross weight: 6 kg per pcs

Technical Drawing

Descriptions

1. suitable for indoor applications with IP65 rating
2. IK 10 ,impact-resistance
3. high brightness of light resource
4. avliable for different finishing housing
5. fast delivery , 2 weeks after order confirmation
